

OUR PHILOSOPHY

SMOKE GOOD, BE WELL.

ABOUT TEDS BUDZ

TEDS BUDZ is a family owned & operated distribution based in LA. Our tight-knit team specializes in distributing small-batch, top shelf exotic flower to 300+ shops from Eureka to San Diego.

We take quality control seriously and we will only distribute flower that we would personally smoke ourselves - a main factor that sets us apart from other distribution companies.

We pride ourselves on creating a holistic family atmosphere - from cultivators, to our crew, to retail, to the end consumer. Everything we do is for the love of the people and creating and contributing to a loving community in the cannabis industry & beyond.

Smoke Good, Be Well.

OUR MISSION

SUPPLY THE REC MARKET WITH LEGITIMATE GENETICS FROM GRASSROOTS CULTIVATORS; THEY ARE THE TRUE PIONEERS OF THE EXOTIC WEED GAME.

WE GAIN TRUST BY OUR CREDIBILITY & WE ARE THE DISTRIBUTORS THAT LISTEN TO THE PEOPLE.

THE FLOWER *Top Shelf*

SMALL BATCH

Most drops are exclusive or small batch drops with limited or short time availability. Most flower will not stay on our menu longer than one month.

TOP SHELF CULTIVATORS

We work with a team of high-end grassroots cultivators that have legitimate genetics. These pioneers of the weed game deserve to be paid higher for producing top shelf flower – this is what our pay structure is based on. They are an integral part of the operation.

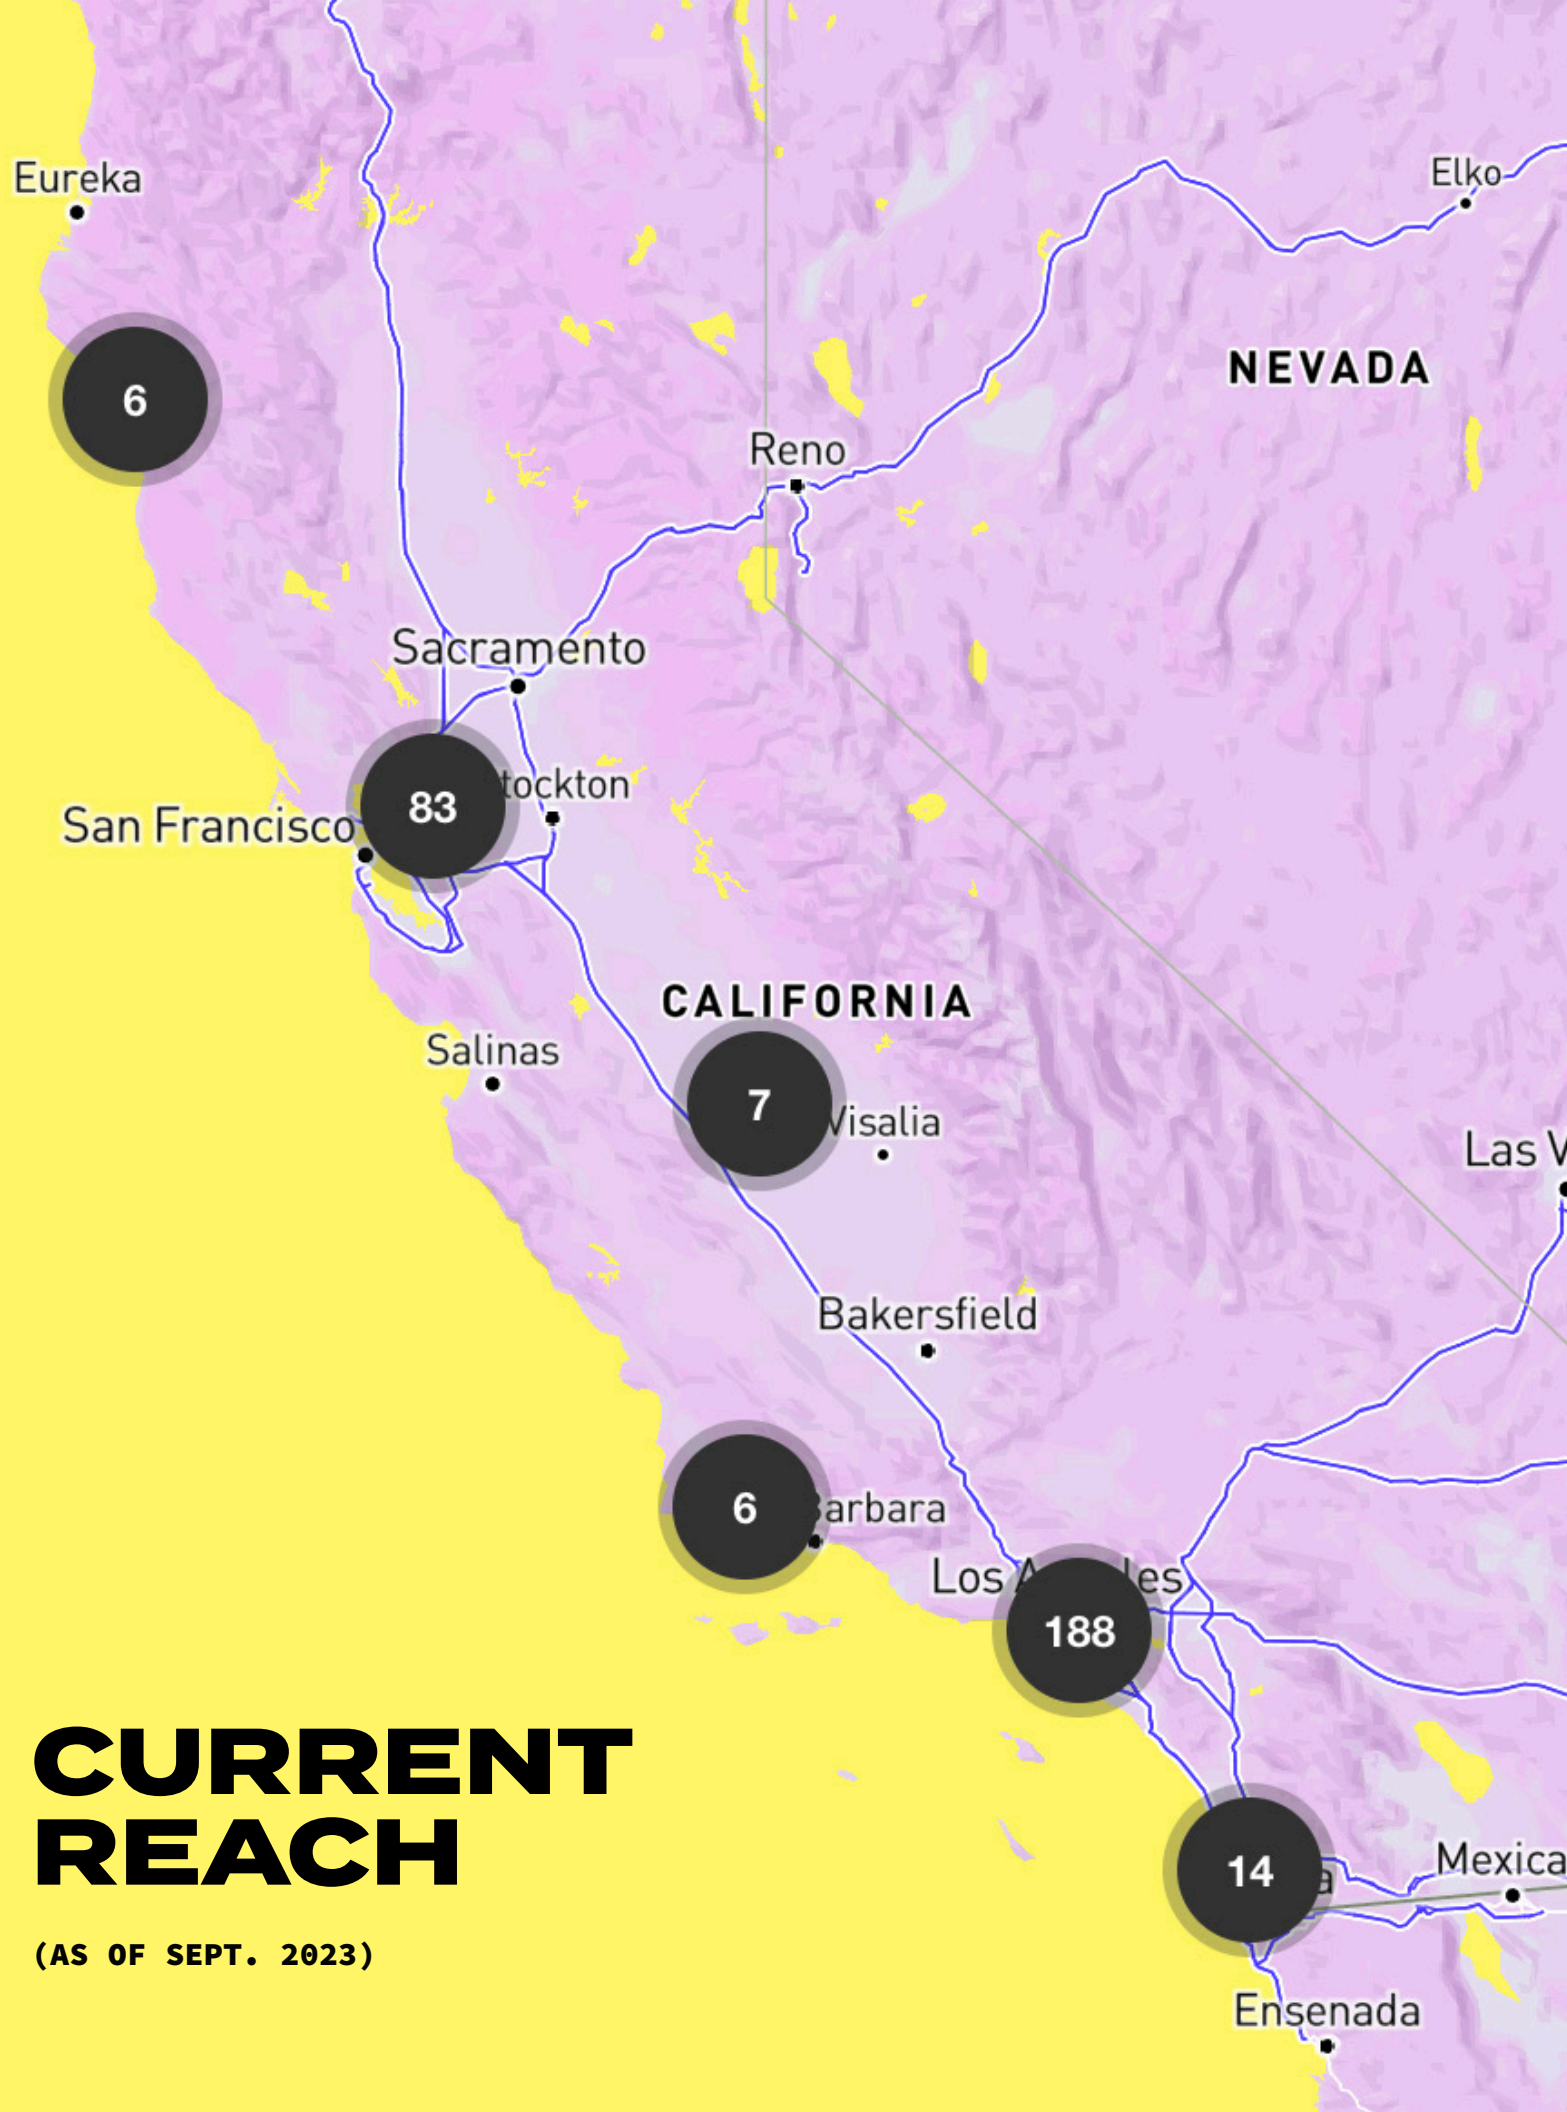

PRODUCTS

We specialize in flower only – we stick to what we know. 3.5g, 7g & Pre-Rolls. All pre-rolls are made with fresh flower and are hand-rolled – no shake is used.

All flower: \$30 | Pre-Rolls: \$25
**This is for every shop, no exceptions or deals of any kind*

HANDLED WITH CARE

Highest level of quality control; everything is hand packaged with care. All product is smoked and tested for white ash before packaging to ensure bud not only looks and smells perfect but that it was cured properly.
